

**PRESS RELEASE**  
For immediate release

**SOLENOURS ARE AVAILABLE FROM  
PARRAINAGE CIVIQUE DU HAUT-RICHELIEU**

**Saint-Jean-sur-Richelieu, November 16, 2017** - On October 13 ,2017, during the 34<sup>th</sup> edition of the Luncheon Conference of the Parrainage civique du Haut-Richelieu, the public got to know Solenours, a plush bear representing Soleno. For the occasion, the 325 people present at the event could offer a Solenours for \$30 as a gift to a godchild member of the organization for Christmas. The Solenours were handed over on November 10<sup>th</sup>, and for the occasion, Soleno offered a hundred extra plush bears free of charge so that each godchild member would receive one for the occasion.

The Parrainage civique du Haut-Richelieu is a non-profit organization that works in the community by promoting greater social and civic participation for people with intellectual disabilities, autism spectrum disorders, physical disabilities or mental health problems. In order to promote their social integration, the organization favours twinning with a volunteer citizen.

Continuing its collaboration with the Parrainage civique du Haut-Richelieu, Soleno is proud to announce that for the coming year, a limited amount of Solenours will be available for individuals wishing to purchase this plush toy in exchange for a \$30 donation to the organization. People who wish to contribute and participate in the organization's mission are invited to contact us at 450.347.8091 or visit [www.entreamis.ca](http://www.entreamis.ca). 100% of the donations raised through the distribution of Solenours will enable the organization to provide important and essential services to the godchild members.

DU HAUT-RICHELIEU

## About Soleno

Leader in providing solutions for the control and management of storm water, Soleno manufactures and distributes a wide range of products for the collecting, conveying, treating and storage of storm water for the industrial, commercial, residential, infrastructure, natural resources and agricultural development sectors. Most Soleno products are made of high density polyethylene (HDPE), a lightweight and strong material with a service life that can exceed 100 years. Manufacturing of these products is done in our Saint-Jean-sur-Richelieu plant, in Quebec. Soleno employs about 300 workers. In September 2013, Soleno became the majority partner of one of the RCM Group's factories, located in Yamachiche.
