About Soleno

Leader in providing solutions for the control and management of storm water — Soleno, the only Quebec company in this sector — manufactures and distributes a wide range of products for the collecting, conveying, treating and storage of storm water for the industrial, commercial, residential, infrastructure, natural resources and agricultural development sectors. Most Soleno products are made of high-density polyethylene (HDPE), a lightweight and strong material with a service life that can exceed 100 years. These products are mainly manufactured in our Saint-Jean-sur-Richelieu plant, in Quebec. Today, Soleno is a group of 4 business units, Soleno, Soleno Recycling, Soleno Service and Soleno Textile, and employs 500 workers. To learn more about Soleno, visit solen.com
